IPA CROSS-BORDER COOPERATION PROGRAMME
MONTENEGRO - ALBANIA 2014-2020

Description of activity

According to Annex III of the Contract No. CFCU 157 01, it is defined that: in order to map the medical and aromatic plants site visits to targeted areas will be organised. This will serve to identify, assess the conditions and locate the MAPs.

It is defined that two key experts (Senior biology expert and Senior Forestry engineer and GIS expert) will carry out the on-site expedition in the period from June to August 2021.

This project is funded by the European Union

MONTENEGRO - ALBANIA 2014-2020

Description of deliverable

U periodu od juna do avgusta 2021. godine ekspert za šumarstvo i GIS mapiranje je realizirao detaljno mapiranje ljekovitog i aromatičnog bilja u više od 15 organizovanih terenskih posjeta na teritoriji Opštine Plav u cilju određivanja jasnih lokaliteta gdje su pozicionirane ljekovite i aromatične biljke.
GIS mapiranje će biti integrisano u interaktivnoj mapi koja će biti sastavni dio web sajta.
U periodu od jula do avgusta 2021. godine ključni ekspert (Senior Bilogy Expert) je izvršio detaljnu identifikaciju svog ljekovitog i aromatičkog bilja, sačinjavajući popis koji će biti isporučen u vidu baze podataka (A 1.1.3), ali i sakupio etnobotanički materijal kako bi se izradio herbarijum prema ustaljenoj etnobotaničkoj praksi i standardima.
